WHEN AN OWNER DIES:

Title to real property owned by the deceased party passes one or two ways – either by testate succession or by intestate succession. Testate is with a probated last Will and Testament while intestate is without a Will or Will not probated. In the absence of a Will, or if the Will has not been probated in the State of Oklahoma (where the property is located), title to real property passes according to the Laws of Descent and Distribution for the State of Oklahoma, and not in the state of residence if differs from the State of Oklahoma.

Please notify us of a death of an Owner by furnishing a copy of the Death Certificate and Last Will & Testament. If the Estate has been probated in the State of Oklahoma, please forward a copy of all Probate documents as well. Also, please include contact information of the person for us to contact with further instructions of the necessary documents needed to transfer to the Heir(s).

NOTE: The State of Oklahoma does not accept probate from other states to transfer title to real property to Oklahoma. Ancillary probate is the only means of passing marketable title in accordance with the Will.

Termination of Joint Tenancy upon death: Please furnish a copy of the death certificate and the social security number of the new Owner. In Oklahoma, an affidavit of Surviving Joint Tenant should be filed of record in the county where the property is located and a copy provided to us.

Life Tenancy: May also be referred to as a Life Estate. When the Owner of a life estate dies, we will need a copy of the death certificate and the names, addresses and social security numbers of the persons who own the remainder and who succeed to the interest. In some instances, we will need further information, including the documents that originally created the life tenancy and named successors.
